Amendment dated January 28, 2009

Reply to Office Action of October 28, 2008

Saikusa is not available as prior art

Claims 1, 5, 7, and 11 stand rejected under 35 U.S.C. § 103(a) as being allegedly

unpatentable over Saikusa et al. (U.S. Patent Publication 2004/0190550) and Xu et al. (U.S.

Patent Publication 2003/0231594). Claims 2-4, 6, 8-10, and 12 stand rejected under 35 U.S.C. §

103(a) as being allegedly unpatentable over Saikusa, Xu, and additional references. Applicants

respectfully traverse these rejections.

A rejection under 35 U.S.C. § 103(a) based on a 35 U.S.C. § 102(e) date can be

overcome by perfecting a claim to priority by filing a certified priority document in the

application with an English language translation. See MPEP 706.02(b).

The application has a Finland priority of October 14, 2003. Saikusa has a U.S. file date

of March 19, 2004, which is after the Finland priority of October 14, 2003.

Applicants have previously provided certified priority documents for the application.

Applicants are now providing a certified priority document with an English language translation.

Accordingly, Applicants hereby perfect the claim to priority. Thus, Saikusa is not

available as prior art and the rejections of claims 1-12 are moot. Therefore, withdrawal of the

rejections is respectfully requested.

Reconsideration and allowance of claims 1-12 are respectfully requested for at least these

reasons.

Conclusion

Therefore, for at least these reasons, all claims are believed to be distinguishable over

cited prior art, individually or in any combination. It has been shown above that the cited

references, individually or in combination, may not be relied upon to show at least these features.

Therefore, claims 1-12 are distinguishable over the cited references.

In view of the above amendments, it is believed that the pending application is

in condition for allowance.

Applicants respectfully request that the pending application be allowed.
